BAD GARAGE FIRE BARELY AVERTED

Loren Martin's Car Discovered in
Flames About 1 A. M. Today
By Hugh Jones

BAD WIRING PROBABLE CAUSE

Fire Dangerously Close to Gasoline
Tank When Firemen Are Called
to Bussard's Garage

A serious fire was barely averted this morning, which had it not been discovered when it was, would probably have resulted in a big loss, when an automobile became ignited in the Bussard garage, endangering not only the other machines in the building, but an entire block of buildings.

Hugh Jones, nephew of Sheriff Jones, went into the garage about one o'clock this morning with his machine, and having a key he started to enter, but was confronted by a dense smoke, which almost suffocated him.

He opened wide the doors of the garage, and turned in the alarm from the box at the corner of Second and Peckins streets. He then went back to the garage, and could see the fire in the middle of the building. He used a small hand chemical which delayed the flames until the fire department arrived, and then more chemicals were used until the burning machine was extinguished.

The machine was the property of Loren Martin, clerk of the circuit court, and was driven into the garage about eight o'clock last night. In all probability a short circuit in the machine's wiring caused it to catch on fire.

The loss to his machine was nearly \$100, as the paint was burned off, and the entire wiring destroyed. The car was parked in among the other machines in the usual way, and had the fire not been destroyed in time, the other machines would have been seriously damaged. The flames on the automobile were eating dangerously close to the gasoline tank when the firemen arrived.

Mr. Martin stated this morning that the tank was filled with gasoline, and no doubt a big explosion would have resulted. No insurance was carried on the machine.

A bad fire now would result seriously in more ways than one. The city would require more coal in getting up fire pressure, and with the present coal shortage, the pressure is kept at a minimum only in times of fire.

SENATOR TRUMAN H. NEWBERRY INDICTED

Bench Warrant Charging Conspiracy
and Perjury in Connection
With His Election Issued

HE IS INELIGIBLE TO SERVE

(By United Press.)
Grand Rapids, Mich., Dec. 1.—A bench warrant charging conspiracy and perjury has been issued by District Judge Session against Senator Truman H. Newberry, following indictments here Saturday by the federal grand jury which investigated his campaign expenses in the primary and general elections of last year.

This became known this afternoon. It was announced that the Newberry warrant would be sent to Maurice Spain, United States marshal in the district of Columbia.

It was pointed out by government officials that Newberry, although a senator, is ineligible to serve, because the offense charged against him is a felony.

AT MEETING STATE BOARDS

Ed Chambers, Chairman of Indiana
Live Stock Board, in Chicago

Ed Chambers, 124 East Seventh street, chairman of the state live stock sanitary board, went to Chicago Sunday to be present at the opening of the session, today, of the live stock sanitary boards of the nations. Mr. Chambers said that other members of the Indiana board, as well as the state veterinarian, would be present for the meeting, at which rulings governing the shipment of live stock will be discussed and means will be devised whereby the state board may co-operate more fully.

SEVERE DAMAGE IS DONE BY WIND

Small Buildings, Telephone Poles,
Fences and Trees Are Blown
Down During Gale

CORN PEN IS DEMOLISHED

New Structure on Joe Green's Farm
Carried 120 Feet—Part of Ice
Plant is Unroofed

The severe wind of Saturday afternoon and evening, which swept through Indiana, caused much damage in Rush county, blowing down trees, telephone poles, and in many places tearing shingles and pieces of roof from buildings.

A new house belonging to Elsie Whitton, one half mile south of Gowdy, was blown over Saturday afternoon. The building was a new structure and was only one story consisting of one large room. The damage here was slight, as the building can be replaced on the foundation.

A new corn pen on Joe Green's farm west of Milroy was blown 120 yards, and was a total wreck. In that community there was also considerable damage done to the telephone lines, and many trees were blown down.

At Orange two large telephone poles were blown down, with 80 wires attached to it. Many phones were put out of commission. There was also many smaller poles with wires blown down around Orange, and service to many places was out of order today.

On the Verne Norris farm, tenanted by Ithamer McCarty, north of here, a large barn was badly damaged when the south half of the roof was torn loose and blown off. A big brick chimney was also taken over by the wind. The chimney was on the big brick house. Mr. Norris estimated his loss by the wind at about \$600, which is fully covered with insurance.

Part of the roof over the ice plant of Innis, Pearce & Company was blown off also during the high winds Saturday afternoon. The damage there was also covered by insurance. The roof was a prepared material.

Practically every part of the county felt the effect of the high wind and trees were blown down in many places. Many fences were also damaged by the gale. Telephone communication was cut on many of the country lines, and the local telephone company was busy today repairing damages to their own lines caused by falling limbs in Rushville, and in the country.

AGAIN DEMANDS JENKINS RELEASE

State Department Dispatches New
Note to Mexican Government,
Brushing Aside Reply

DISMISSED AS WERE EXCUSE

For Mexico to Show Cause For His
Detention, Not For U. S. to
Plead For His Liberation

(By United Press.)
Washington, Dec. 1.—Characterizing as "mere excuses" the Mexican reason for not releasing William Jenkins, American consular agent, the United States in a note made public today, again asked for the "immediate release from further imprisonment."

Secretary Lansing's communication to Carranza brushed aside the Mexican reply to the first note and declared "the United States is not to be driven by such subtle arguments into a defense of its request for the release of Mr. Jenkins." It is for Mexico to show the cause for his detention, not for the United States to plead for his liberation the note says.

Mexico is accused of trying to belabor the issue. The American note asks whether the charge of perjury was brought against Jenkins in the interest of his abductors and charges the Mexican government for "prosecuting the victim instead of the perpetrators of the crime."

The charge against Jenkins is entirely unsupported by evidence. Lansing's note declared. An investigation of the case by American agents fails utterly to support the charges against him. It is asserted Mexican officials are accused of using "third degree" methods or Jenkins in that they harassed him, trying to get him to give false testimony while sick.

The American people are aroused to the point of indignation by the Jenkins' case, the note said. It also stated that Puebla is through Mexico's negligence freely visited by bandits. This negligence is blamed for Jenkins' abduction.

The state department had no confirmation of a border report that Jenkins already had been released.

Chairman Porter of the house foreign relations committee was to continue on page three

PEOPLE AT CHURCH ALMOST ASPHYXIATED

Several Attending Second Methodist
Services Sunday Night Over-
come by Fumes

STOVES WITHOUT PIPES USED

Several members of the Second Methodist church narrowly escaped death from asphyxiation last night. Only a few felt the effects of burnt gas from stoves without pipes, which were used for heating the building, until after they reached home. Steps were being taken today to provide pipes for the stoves to guard against the danger.

Mrs. B. I. Coleman, wife of the pastor, was the first to show the effects of the burnt gas during the services. It is stated by those who were at the service, that she almost swooned while the benediction was being pronounced and sat down. When Mrs. Fred Herdspeath reached home, she became unconscious and friends worked with her for almost an hour. Several other persons today were reported to have been very sick after reaching home. The odor of the burnt gas was noticeable on first entering the church, a man who attended the service stated today, but one soon became accustomed to it.

CONGRESS IS AT WORK ONCE MORE

With Many Vacant Chairs, House
and Senate Meets in Regular
Session at Noon Today

SOME MOMENTOUS QUESTIONS

Business Ahead Regarded as Most
Important in Years, If Not in
The Nation's History

(By United Press.)
Washington, Dec. 1.—Congress is at work again.

The house and senate met today at noon for regular session. There was many vacant chairs.

With routine organization resolutions out of the way, both houses passed resolution for appointment of committees to notify President Wilson that the congress is awaiting any communication he may wish to make on the state of the union.

In his prayer at the opening of the session, the chaplain expressed hope that "social justice, political freedom and universal brotherhood might be the principles upon which the legislative program might be founded."

Following the prayer, Marshall declared that the usual constitutional time for the assembling of congress had arrived and ordered the roll call. Fifty-four of the ninety-six answered the roll call.

The business ahead of the legislators comprises a program regarded by leaders as the most important in years, if not in the nation's history. There was a disposition among members to "feel their way" rather carefully with respect to legislation in the questions, rather than to accept the first solution offered. Speed, they indicated, is to be sacrificed to safety in legislation.

The day's program in the house included the submission of the huge estimates, sent in by various departments, of money needed to run the government for the next fiscal year; the usual first day presentation of bills; passages of resolutions necessary to set committee machinery in motion and other routine matters.

In the senate, Carter Glass was to be sworn in as the new senator from Virginia, taking the place made vacant by the death of Senator Martin.

Following the opening both houses continued on page three

OPERATORS OF "STRIP MINES" WILL CONFER

Called by Gov. Goodrich to Discuss
Advisability of Running Mines
Without Union Men

IS TO BE HELD TOMORROW

Indianapolis, Ind., Dec. 1.—A conference of "strip mine" operators to discuss the advisability of resuming operation of Indiana mines without the assistance of union miners if necessary, was called by Governor Goodrich today. The conference will be held tomorrow.

The call was issued following a conference with Ed Stewart, president of the Indiana Mine Operators association. It is expected that fifteen operators will attend. The governor asked Stewart to use his influence to persuade miners to return to mines which supply coal to the state institutions.

Miners Not Returning

Terre Haute, Ind., Dec. 1.—Union coal miners in this district, which is regarded as the heart of the Indiana coal fields, failed to go back to work today in response to a 14 per cent increase in wages proposed by the government. A conference last week called to settle the mining strike.

HOME COMING NEXT SUNDAY

J. N. Grisso to Preach Farewell Ser-
mon at Plum Creek Church.

A home-coming and basket dinner will be given at the Plum Creek Christian church next Sunday, when the Rev. J. N. Grisso, pastor of the church, will preach his farewell sermon. The Rev. Franklin P. Smith has been engaged as pastor of the church for next year.

The Rev. Mr. Grisso will preach at the regular morning hour and other speakers will be provided in the afternoon. The basket dinner will be served in the church at noon.

HUTCHERSON CASE DISMISSED TODAY

Judge Sparks Sustains Plea in
Abatement in Court After Many
Jurymen Are Examined.

TRIED BEFORE JURY TWICE

Hutcherson, Who Has Damage Suit
Against City Pending, Was In-
dicted by Grand Jury.

The case of the city of Rushville against Hutcherson was this morning finally thrown out of court and dismissed. Grover C. Hutcherson of Liberty, was arrested here in March, 1918, on charges of speeding and for intoxication. In police court he was twice tried on charges of speeding, and the jury disagreed in both instances.

Thomas M. Green, special judge in the cases in police court, dismissed them this morning on recommendation of Prosecutor Stevens.

While these cases were pending in police court Hutcherson was arrested on grand jury indictments charging him with operating his machine while under the influence of liquor. This case was set for trial this morning, and after many jurymen being examined, it was dismissed by Judge Sparks, who sustained a motion filed by Hutcherson, who entered a plea in abatement.

In dismissing the case it was pointed out that the matter had been in court so many times and before different juries, that the same evidence and witnesses would be used, and a waste of time would be involved in trying the case.

Hutcherson has a damage suit pending against the city of Rushville, which was tried here and the jury disagreed. The case has been sent to Decatur county for trial. It is the outgrowth of the same indictment which resulted in Hutcherson being indicted.

A new suit has been filed here by Ace Swords against Scott B. Lawson, on a replevin charge, stating that Lawson has in his possession certain household goods which are unlawfully detained by him. Swords states that the household goods are valued at \$500, and asks the court for their possession and \$50 damages for their detention.

Everett Collins and another boy, whose christian name was unknown to the court, but whose last name was Doan, were arraigned before Judge Sparks on recent grand jury indictments, charging them with carrying off fruits. They were boys implicated in a watermelon theft this fall in northern Rush county. The two young men pleaded guilty, and their sentence was withheld during good behavior.

In the case of the State against James Naden, the motion for a new trial was sustained by Judge Sparks, and the cause nolleed by the court.

A motion was overruled for a new trial in the case of Frank Byrd against Chester M. George, on an accounting suit.

In the case of The Toronto General Trusts Corporation against Levi B. Weaver, a case for judgment, was continued on page three

PAPER SHORTAGE IS MORE OMINOUS

Reference in Daily Republican to
Scarcity Make Impression on
Newspaper Readers.

SAVING IS A NECESSITY

Increased Use of Wood Pulp and
Curtailment of Production are
Potent Factors

The paper shortage, especially that of news print, grows more ominous as the days pass, and reports continue to come in of resourceful newspaper publishers using every art known to the business to stave off actual suspension of publication.

References in the Daily Republican to the shortage, and the printing of Saturday's issue on job stock instead of news print, to show to what extremities newspapers may be driven, have made some impression on newspaper readers, who have begun to inquire about the condition of the paper market.

It is the unspoken purpose of the Daily Republican to deepen this impression and bring it home to Rush county people, not as an impersonal unreality, but as something tangible which must be faced, so that every economy possible may be practiced. It is hoped to make people see the necessity of saving old newspapers, magazines and every bit of old paper in order to stave off the shortage which has come about as the natural consequence of the conditions.

Newspaper trade papers of Saturday report that the print paper supply is only a matter of days and that the manufacturers are demanding a price four times higher than that at which publishers bought news print less than a year ago. The Publishers Auxiliary, which is published in the interest of newspapers, addressed an inquiry to all news print jobbing houses, and from replies deducts that the high prices are due to the profiteering manufacturers. The Auxiliary has addressed an open letter to the United States department of justice, demanding an investigation at once.

The increased use of wood pulp Continued on Page Five

AMERICAN LEGION ORGANIZES TONIGHT

Temporary Officers Will be Chosen
to Conduct Membership Cam-
paign For Rush Post

ALL EX-SOLDIERS ARE INVITED

Ex-service men who are back of the movement here to organize live and aggressive post of the American Legion are exerting every influence at their command to get a large and representative attendance at the first meeting of Rush Post No. 130, which will be held at the court house assembly room tonight at seven-thirty o'clock. The purpose of the meeting is to form a temporary organization so that a campaign for members may be conducted.

With officers once elected and a campaign committee on the job, the local post will make an active drive to recruit as many of the former soldiers in Rush county as possible because it is desired to make Rush post large in numbers as well as representative of the whole county. The membership at last reports was twenty-six, but no organized effort has ever been made to get members.

For several weeks news dispatches have told what an influence for good the American Legion has been and boosters of Rush post believe that the community would be bettered with a good organization of soldiers of the World War.

CHANGE PROGRAM OF WORLD MOVEMENT

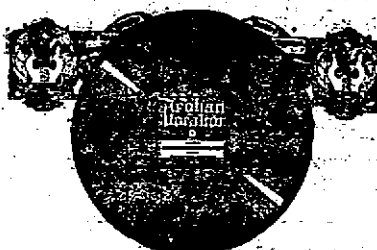

To Harmonize United Presbyterian Program With That of Inter-church World Movement

TO POSTPONE CAMPAIGN.

Pittsburgh, Pa., Dec. 1.—Changes in the nation-wide program of the New World Movement for the enlistment of young people in the ministry and in mission and other church work, both at home and abroad, have been made to harmonize the United Presbyterian program with that of the Inter-church World Movement. Announcement of the change was made by Dr. J. Knox Montgomery, secretary of the spiritual life department of the New World Movement.

"The original plan of the New World Movement was to use the latter part of November for the enlistment of young people," said Dr. Montgomery, "but the program of the Interchurch World Movement has been announced as fixing early March for life enlistment. This will come after the Student Volunteer Convention at Des Moines and also after the annual day of prayer for colleges."

"Although we will postpone our campaign to harmonize with that of the Interchurch World Movement, the New World Movement campaign, of course, will be conducted distinctly from the Interchurch campaign. Just now we are surveying all the young people of the United Presbyterian church between the ages of fifteen and twenty-five to learn their aims in regard to church work and their possibilities in this direction. This survey will be rushed to completion."

Vocalion Records Are Always Appreciated.

The Most Wonderful Gift of Them All — "A VOCALION"

ONLY "3" MORE WEEKS

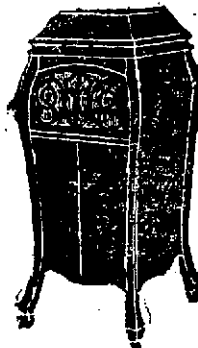

"Do Your Christmas Shopping Early"

We have assembled for your approval "a truly wonderful" assortment of useful Christmas gifts—selected with care from the foremost manufacturers of this country.

You will not have to wait "if you select your Christmas gifts here." We have them on display now and can make delivery whenever you are ready, but "shop early, it will pay you."

We have been having a wonderful demand for our three great leaders — "Vocalion," "Sonora," "Vitanola"—"there is a reason." If you are going to buy a Phonograph for Xmas, just you come in and hear these "three." Their wonderful tone qualities are sure to appeal to you.

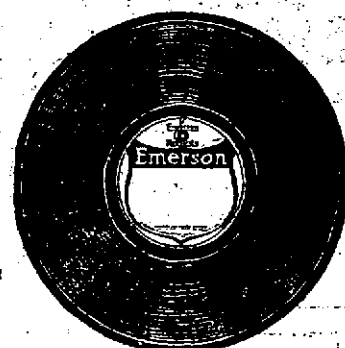

There is a Phonograph in our stock "at a price to fit every purse," and by our easy payment plan "you can afford to own one." Come in—make your selection—have it delivered Christmas morning. It will make every member of the family happy for the whole year to come.

TO GET RICH INVEST IN THOROUGHBREDS

This Tip Comes With Perusal of Season's Record of Sir Barton, Leading Money Winner

THREE YEAR OLD WINS \$89,250

(By United Press.)

New York, Dec. 1.—Don't play the markets if you have ambitions for wealth. Get a good horse and watch your bank account boom.

This tip comes with a perusal of the season's record of Sir Barton, star of the Commander J. K. L. Ross stable and the leading money winner of the season.

In thirteen starts the wonderful three-year-old colt earned \$89,250. He started by winning the Kentucky \$20,000 derby. He brought in \$25,000 in the Preakness stakes, then won the Belmont \$11,950 stake and the Withers \$5,000 event. He also collected \$9,900 in the Pimlico series.

Sir Barton was bred by John E. Madden. He made four starts as a two-year old but failed to show. Late last year he was purchased by Commander Ross for a reported price of \$25,000.

This year he won eight races, finished second three times and third twice.

Man o' War, the Glenn Riddle farm two-year old, is second in season's winnings with \$63,825. Then come Mad Hatter with \$56,490; Purchase, \$33,710; Vexations, \$27,930; and Be Frank, \$27,315. This sextet of stars won \$318,520.

fer with Secretary Lansing on the Mexican situation this afternoon. He expected to ask the secretary of state to outline the government's negotiations and stated that he would assure the department of the house's support in any act that may be taken to safeguard America's rights in Mexico.

ONE OF THE FIRST BORN IN RUSH COUNTY DIES

Miss Mary Plummer, Age 89 Years. Expires This Morning at The Home of Her Neice

BORN NEAR GODDARD CHURCH

One of Rush county's first native born inhabitants died in this city this morning, when Miss Mary Plummer, aged 89 years, expired at the home of her neice, Mrs. Samuel Brown, in North Harrison street.
Miss Plummer was born in the neighborhood of the Goddard church southwest of Rushville, 89 years ago last August, and lived in that vicinity for a great number of years. She was well known in that part of the county, and was commonly called, "Aunt Mary."
The deceased was the last of a family of nine children, and in only recent years has made her home in various parts of Indiana with her more distant relatives. She came here eight weeks ago from Grant county to visit her neice, Mrs. Brown, at whose home she was taken with an illness which caused her death.
The funeral services will be conducted at ten o'clock Wednesday morning at the Pleasant Ridge church, formerly known as the Goddard church, and burial will be made in the cemetery at that place.

CONGRESS IS AT WORK ONCE MORE

Continued from Page One
were to adjourn until Tuesday, when President Wilson's message is to be read. Because of conditions in industry, the high cost of living and related questions, the message is awaited with great interest. Administration forces in the senate intended to begin working toward the peace treaty compromise which, they predict, will be reached within a few weeks.

Discussion of the Mexican situation was regarded as likely to break out at once in either body. Some members were considering the advisability of demanding immediate and sweeping inquiry.

DAMAGE AT PENAL FARM.

Fl. Wayne, Ind., Dec. 1.—Fire of unknown origin at the Allen county penal farm Sunday night caused \$10,000 damage. The granary was destroyed together with 1,100 bushels of grain.

TRAIN HITS OPEN SWITCH

Pittsburg, Kas., Dec. 1.—A train with Kansas national guardsmen and volunteer coal strip pit workers, enroute here, was derailed at Humbolt last night. Reports indicated that the train ran into an open switch. No one was reported injured.

\$75,000 FIRE LOSS.

Gosport, Ind., Dec. 1.—A fire that started in the building occupied by the Gosport bakery, early Sunday morning, destroyed the bakery, the Bee Hive dry goods store, C. B. Criss' drug store, F. V. Stucky's drug store and the Masonic hall.

DAMAGES FRATERNITY HOUSE

Greencastle, Ind., Dec. 1.—Fire starting from an overheated furnace, damaged the Phi Gamma Delta fraternity house at DePauw University Sunday afternoon. No one was in it and the flames were not discovered until they had burned through the floor from the basement.

PLEAD GUILTY IN BALL LOTTERY CASE

Fifteen Indiana Men Out of 27 Defendants Are Fined Minimum by Judge Collins Today

MADE THOUSANDS IN SCHEME

(By United Press.)
Indianapolis, Ind., Dec. 1.—Fifteen Indiana men out of 27 defendants today pleaded guilty in the Marion county criminal court to indictments charging participation in a state wide baseball lottery, which is said to have netted them thousands of dollars.

Judge Collins assessed the minimum fine of \$10 and costs in each case. Ten defendants pleaded not guilty and asked for a jury trial and four defendants did not appear. Among those pleading guilty were F. P. Davis, Newcastle and Lloyd Russell of Muncie.

The "official review" was the alleged organ by which the lottery announced the base ball changes, according to Claude Worley, special investigator for the grand jury who was in charge of the investigation.

WILL PUT ON THE DEGREES

Bernice Encampment Staff Goes to Connersville Thursday Night

The degree staff of Bernice Encampment No. 12 I. O. O. F. will put on the degrees for Whitewater encampment at Connersville next Thursday evening. The staff accompanied by several members will leave on the C. I. & W. at six o'clock, returning on the late train. Supper will be served to all visitors at seven and a class of twenty will receive the degrees. Preparations have been made to entertain a large crowd and visitors are expected from all surrounding points.

A rehearsal will be held this evening by the staff.

Stop!

Don't discard that damaged casing until we have told you that it is beyond repair.

We have convinced a lot of people that vulcanizing is both practical and economical, after having saved them several dollars in miles they never expected to get out of the blown out tire.

Give us a chance to show you the next time you have a blow-out or any other damage to your tires.

A NEW SEDAN

Exceptionally easy to enter and leave, the new Oakland four door Sedan is sensibly designed and most attractively furnished. The windows in all four doors are regulated by a convenient automatic controller; the side rear and back panel windows are fitted with roller curtains of grey silk; every essential convenience is included in its standard appointment. Like all Oakland models it is a thrifty and able car, suited alike to country and city driving.

Carranza's Ingratitude.

A day seldom passes, which does not bring a new outrage against America in Mexico and further divulges President Carranza's ingratitude. It is he who has been upheld and supported, even in the face of insults, by President Wilson and the present United States administration.

It appeared for a time that relations between the two countries could not stand the strain during the Jenkins episode, but the two countries are now engaged in note-writing, which, as in the case of Germany, may lead to a more defiant attitude on the part of the Mexican government.

One of the new complications arising, which deserves more than passing attention because it is only the culmination of a long series of violations of the same character, is the placing by Mexico of large orders for arms and ammunition in Belgium and Spain. These orders were placed in preparation for possible American intervention. The matter has become so serious that the state department has been forced to take steps to prevent their shipment. A direct protest has been made to Belgium it is unofficially said on the ground that such shipment would be in violation of the International Arms Convention. Spain is not a party to this agreement and hence any action with respect to Spain will be more indirect.

The Carranza government is responsible for these plans of preparation aimed at the United States. The order in Belgium is said to have been placed under the direction of Mexican Foreign Minister Aguilar, son-in-law of President Carranza, who went to Europe recently after visiting here and placing a wreath on the tomb of Washington at Mt. Vernon.

Spanish munitions have been going into Mexico for more than a year and while the European war still was in progress, in violation of the inter-allied embargo.

The disclosure that the Carranza government has long been engaged in arming against the United States is fresh evidence of the hostility of the government to this country in spite of the fact it was put on its feet in the first place by the Wilson administration and has since been upheld by the administration. That the Carranza government at heart is bitterly antagonistic to America can hardly be doubted under the circumstances and the revelation as to orders for arms and munitions

DON'T FUSS WITH
MUSTARD PLASTERS!Musterole Works Without the
Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lameness, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

MUSTEROLE

Sap and Salt

By HERT MORSE

Silence is a great thing when a man is mad.

The hardest man to convince is the man who won't argue.

The most profitable thing a boy or girl can have is a business education.

Hex Heck says: "Shooting craps is not an ideal way of mastering mathematics."

The man who loves health better than money has the only secret of happiness there is.

Marriage often fails because the shape of a woman's body is more alluring to men than the capacity of her intellect.

constitute a peculiar commentary on the persistent outrages against Americans in Mexico. (Under the circumstances it is hardly reasonable to expect that the Carranza government will make any sincere attempt to prevent these outrages.

Loaves, Fishes, and Turkeys

When the multitude were hungry they were given loaves and fishes, and their hunger was appeased.

In this community there may be some family with but meagre ingredients for the Christmas dinner. A wave of the hand today will not convert that meagreness into plenty, nor will it create a turkey from a crust of bread. Those who (live in plenty should see that there are none who are in want on that day.

If we have a family upon whom the hand of misfortune has fallen, we should see that their larder is well filled, and that the Christmas turkey is not absent on our Days of Days.

If, as they claim, that Indiana healer can effect radical cures by the simple process of the laying on of hands, we suggest that he give immediate attention to our crop of grasping profiteers. They can all stand a liberal application from both hands.

And now will some kind friend please tell us who is to be our next president? We want to establish our reputation as a political wiseacre and presidential prophet by doping it out to our readers in advance of the nomination.

Now we are biffed squarely between the eyes with the startling intelligence that the new Paris gowns are entirely waistless. Fie, fie, sisters! What next? We poor men are suffering agonies from eye strain as it is, and we simply can not survive any more alopathetic doses. We shudder with indescribable terror at the approach of the next scream of fashion—which, we fear, will even be skirtless.

Current Comment

Hundred Per Cent Waste
(Detroit Free Press)

The committee on public information never gave any value received for the \$6,600,000 more or less it is supposed to have spent. The outlay represents waste, absolute hundred per cent waste of the public funds. The committee on public information never did the United States one bit of real service to justify its existence. It was never anything more than an administration organ for the dissemination of partisan propaganda preliminary to the next presidential election. If strict justice could be done the whole expense connected with the bureau would be charged up to the Democratic national committee rather than to the national treasury.

TWELVE RADICALS FREE

New York, Nov. 28.—Twelve radicals arrested in Seattle last winter for an alleged attempt to overthrow the municipal government there are at liberty despite the fact that warrants for deportation were issued March 14, it developed at the deportation station at Ellis Island today.

TRAFFIC CONGESTION
WORRIES CLEVELAND

Relief Can be Had by Building Subway, Elevated or Short Tubes Through the City.

SPECIAL ELECTION FEB. 10

Cleveland, O., Dec. 1.—Cleveland is suffering acutely from congestion and a clinic composed of public officials and traffic experts are planning relief through a system of subways, elevated lines, or short tubes through the downtown district.

H. M. Brinkerhoff, representing a New York engineering firm, is making the survey and municipal officials expect to whip the data into shape for presentation to the voters at a special election on February 10th. It was believed any one of the three ways of relieving congestion will be approved.

Officials based their confidence for acceptance on the keen rivalry between the citizens of Cleveland and Detroit. This rivalry has existed for many years. Detroit has been agitating for some form of rapid transit for a long time without success. Clevelanders recognize an opportunity to give the laugh to the automobile city.

The cost of carrying out any one of the projects under discussion was estimated at around \$21,000,000.

FIRST IN THE MIDDLE WEST

Community Service Institute Opens in Indianapolis Today

(By United Press.)

Indianapolis, Ind., Dec. 1.—The first community service institute ever held in the middle west opened here today with citizens interested in community service from many Indiana cities in attendance. The institute will continue through Thursday. It is being held under the auspices of Community Service Inc., an organization growing out of the war camp community service.

The program will include speeches by many business men and public officials. Delegations from Anderson, Muncie, Kokomo, Peru, Laporte, Michigan City, South Bend, New Castle, Terre Haute, Evansville, New Albany, and Columbus will be in attendance.

Tired Out?

"Do you know that languidness, that 'awful tired feeling,' heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?"

Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 461 S. 20th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and see floating spots before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble dispelled. The backache stopped and my kidneys were restored to healthy, normal action. I am also free of those tired aches and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

A certain Oregon town had more than its share of hot-headed, and often red-headed, Irishmen of various factions. Some favored the Sinn Fein, because it was pleasant to disagree with everybody. Others took the opposite issue. Grady, a plasterer was rabid against Foley, a self-appointed orator and active in the Democratic Workmen's Club. Foley was somewhat of a brawler and used his fists too freely. He was not a favorite. Far from it. Grady had cast a few marked aspirations on Foley one Thursday night and about midnight Foley found Grady and confronted him.

"Grady, Oi hear as ye told Tooley that Oi was a lowbrow, dog-faced blankity-blank," and all the other things Grady had actually called Foley. Grady faced his accuser, never batted an eye and said:

"And why would Oi be tellin' Tooley that? Sure, 'twould be stale news for him."

DELLA DUNN DIES
AT HER HOME HERE

Wife of William Dunn, Past Grand Chief of Pythian Sisters of State, Expires Sunday

LONG A PATIENT SUFFERER

Mrs. Della Dunn, wife of William Dunn, for many years a patient sufferer, expired yesterday afternoon, about two o'clock, at her home in West Third street. Mrs. Dunn had been in poor health for about ten years, most of the time being spent in her home. She was 63 years old.

Mrs. Dunn was an active member of the Pythian Sisters, and in 1896 held the position of Grand Chief of Indiana, and in later years was a well known past Grand Chief. The funeral services will be in charge of the Pythian Sisters.

Besides the husband she is survived by one child, a daughter, Mrs. Goldia Grimes of Indianapolis, and a brother, LaGrande M. Carr, also of Indianapolis. The funeral services will be conducted at the late residence Wednesday afternoon at one o'clock with the Rev. George F. Sheldon of the First Presbyterian church and the Pythian Sisters in charge of the services. Burial will be made in East Hill cemetery.

The Pythian Sisters will meet Wednesday night at 7:30 o'clock and the degree staff is urged to be present on time as work has been planned for that evening.

COLD WEATHER

MANURE SPREADER

Every experimental station, every man who knows the fertilizing game realizes the great waste due to DELAY IN GETTING THE MANURE ONTO THE SOIL. Delay due to burning, seepage, evaporation or atmospheric deterioration—any of these means an enormous waste. Delay with the hopes of getting lower prices means a positive loss on the farm, and with mighty little chance of a lower price and quite a chance of a higher price.

If you are going to use a manure spreader and going to use it right, why not use it every day in the year if you wish to, regardless of cold weather, snow or other conditions. The "RUSHVILLE SPECIAL" Spreader will work ANY DAY IN THE YEAR.

The self-cleaning conveyor prevents the material from clogging on the under side and freezing fast, thus avoiding breakages and kindred troubles. This force-feed conveyor, with its hinged sections will stand cold weather better than any other machine manufactured.

The manner in which the "RUSHVILLE SPECIAL" Spreader is mounted and its very light draft and the great strength embodied in its general construction, make it possible to distribute when the snow is very deep. The oiling systems are designed for cold weather work. No missing out on this if it is given ordinary attention.

Remember that frozen conveyors, frozen oil channels and heavy draft machines—these are the things that make other manure spreaders more or less impractical in extreme cold weather and deep snow.

RETIRED FARMER OF MILROY DIES SUNDAY

Robert J. Whaley, Age 61 Years, Expires at Sanitarium in Greensburg of Tuberculosis

RETIRED FEW MONTHS AGO

Robert J. Whaley, aged 61 years, of Milroy, died at the sanitarium in Greensburg, last night at twelve o'clock, following a long illness of tuberculosis. The deceased was a prominent resident of Milroy and

was a member of the Christian church of that town. The survivors are the widow; two daughters, Mrs. Bonnie McKay and Mrs. Everett Botorff, both of Milroy, and two grand daughters. Mr. Whaley had been in poor health for many years and several months ago was compelled to retire from the farm and move to Milroy. Although his place was not large, it was among the first farms in Rush county to sell for \$300 an acre. The funeral services will take place at one-thirty o'clock Wednesday afternoon at the late residence in Milroy, with the Milroy Christian church pastor in charge. Mr. Whaley was a member of the Masonic lodge.

PAPER SHORTAGE IS MORE OMINOUS

Continued from Page One and print paper in the last few years has been tremendous. The curtailment of production, for a combination of reasons has been heavy. The net result is already driving hundreds of small and insecurely established papers out of existence, and other hundreds are diminishing their size, allying themselves with other papers, increasing their rates and trying, with all weapons they can find, to do battle with the paper famine. What the result will be is largely a matter for the public to determine, for the public, if it will, can salvage enough good, salable

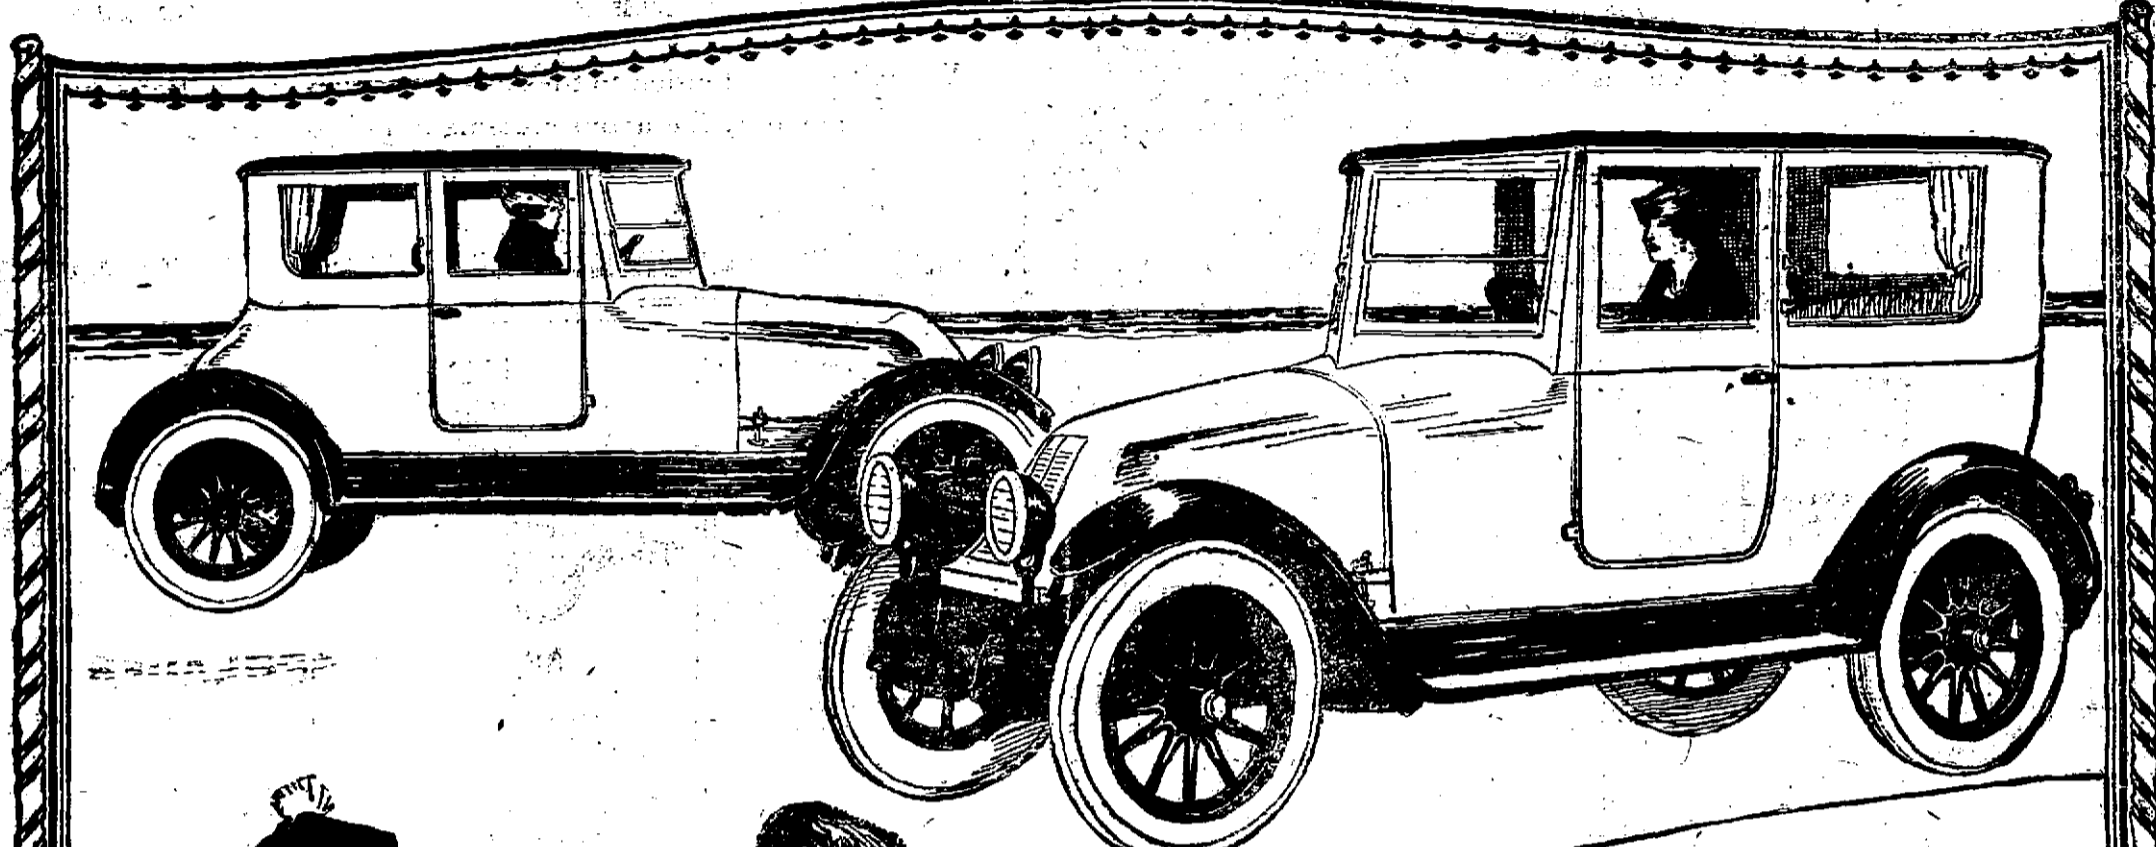

paper which is going to waste at present, to turn the famine into a surplus. The following from New York, is directly relevant to the situation: Alarm over the scarcity of news print paper and its increasing cost has brought about a nation-wide movement among publishers to take steps to meet the situation. The standard contract price for print stock during the early months of 1920 will be so high that the white paper alone in a single copy of usual size will cost 24 cents. This figure does not take into consideration any of the other mechanical costs, such as printing and distributing. Publishers hold that it is man-

ifestly impossible to sell 24 cents worth of white paper for 2 cents and live. An increase in price would remedy only one phase of the trouble, it is held. The scarcity of stock, and the greatly increased cost of production in all departments, will require increased advertising rates. The situation has become so grave that big and little newspapers are working together to make the stock of paper go around. It has become a common matter for a publisher not to know whether he would have paper for the next week's use. The city of Zacatecas, Mexico, is built over a rich vein of silver.

WEATHER FOR THE WEEK.

Washington, Dec. 1.—Indications are for fair weather the first half of the week in the Ohio valley, with temperature below normal during the early days. There is some prospect of occasional rains the second half of the week, with nearly normal temperatures.

Berlin (By Mail)—Dancing and what goes with it—that is, the wine and the light and the music—costs Germany 60,000,000 marks a month according to estimates of the Neue Berliner Zeitung. Berlin alone has more than 500 dance halls, to say nothing of the so-called "dance bars".

THE FRANKLIN SEDAN

That enclosed cars offer most among automobiles, and the Franklin Sedan most among enclosed cars, is becoming apparent to more people every day.

Franklin Sedan performance is continually proving that a light, flexible enclosed car can travel unusually long distances in a day without exhausting rider or driver. And more motorists are seeing daily that this car can go where heavy, rigid ones can not. This explains the rapid increase in Franklin Sedan ownership.

Then, too, the general advertising tendency toward light weight and flexibility—Franklin principles for seventeen years—is teaching people what gives economy, comfort, usability and long life to a car. And the value of year-round usefulness, only possible with Direct Air Cooling (no water to boil or freeze) has become apparent through owner comparisons. No one disputes today the advantages of the proved economy resulting from

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation

Wide Observation Windows giving unobstructed outlook, and two Wide Doors increasing vision and making access easy, combine with the Slanting V-shaped Windshield and the Sloping French-style Hood to distinguish the Franklin Sedan from commonplace designs. They also identify it as the car of unequalled performance.

Let us prove the Franklin Car to you. Whatever preconceptions you have of what a car should do, or whatever recollections you have of what your Cars have done, will be exceeded by Franklin performance, over roads of your choice.

JOE CLARK
Phone 2155 East First

OTHER FRANKLIN TYPES

- TOURING CAR**—Franklin performance embodied in a Full Size, Five-Passenger, Open Car. It is the most economical car of its type.
- RUNABOUT**—All the advantages of Franklin Light Weight Flexible Construction in a Two-Passenger Open Car.

The War Mothers will meet Wednesday afternoon in the court house. A large attendance is desired.

Mr. and Mrs. J. G. Bennett and son Ruel of Indianapolis spent Sunday in this city, the guests of relatives.

On account of the death of Mrs. Della Dunn, the Rebekah Crochet club will not meet Wednesday afternoon as scheduled.

The Ladies Aid society of the First United Presbyterian church will meet with Miss Mary Fisher tomorrow afternoon at two o'clock.

The Woman's Council will meet tonight at 7:30 o'clock in the Callaghan store in East Second street. All members are urged to be present.

The Ben Davis Creek Missionary Society will hold their regular meeting at the church Wednesday afternoon at two o'clock. Everybody is invited to attend.

Mrs. Ida McKee and daughter Mary and Mr. and Mrs. Wilbur McKee of Orange were the dinner guests yesterday of Mrs. Elizabeth Hollinsworth of this city.

Mr. and Mrs. C. E. Westfall of Columbus, Ind., and Mr. and Mrs. E. A. Martin of Falmouth, Ky., were the guests of Mrs. James Colvin of this city, Thanksgiving day.

The executive committee of the missionary society of the Main Street Christian church will meet tomorrow afternoon at three o'clock at the home of Mrs. Joe Amos.

The Young Ladies Mission Circle of the Main Street Christian church will meet tonight with Miss Edith Brown at her home in North Main street. Miss Helen Matlock will have charge of the program.

Lawrence M. Root, son of Mr. and Mrs. W. D. Root of this city, was united in marriage to Miss Ruth Appleton of Seattle, Washington, Thanksgiving day, according to an announcement received here. The ceremony took place in Seattle.

Mrs. Jennie Little, May Little and Ralph Little and Mrs. Brooks and children, James and Viola of Glenwood, Mr. and Mrs. Leslie Little and Carl Stoll of Connersville spent Thanksgiving with J. M. Little and sister, of North Benjamin street.

The Ladies Aid Society of the St. Paul's M. E. church will meet Tuesday afternoon at two-thirty o'clock with Mrs. Homer Powell at her home, 701 North Morgan street. Mrs. Powell will be assisted by Mrs. Warren Elder and Mrs. W. W. Weakley.

Mrs. Bessie Boyer of North Jackson street and Frank B. Mazingo, also of this city, were quietly married Saturday afternoon at five o'clock at the M. E. parsonage, the Rev. Clyde S. Black officiating. They will reside in this city.

The monthly penny social of the W. R. C. will be held tomorrow afternoon at the home of Mrs. William Offutt in East Sixth street. All members are requested to attend as election of officers will take place at this time and gifts will be exchanged.

Mr. and Mrs. John J. Conaway and daughter of Arlington entertained the following guests at dinner Thursday: Mrs. A. W. Mason of Columbus, Mrs. Winona Powell, Miss Etta Reddick and Wilfred Mason of Indianapolis, and W. P. Reddick of Arlington.

Mr. and Mrs. Vern Smith entertained yesterday in honor of their daughter, Miss Lillie, the occasion being her sixteenth birthday, at their home in Fairmount. A prettily appointed course dinner party was given and covers were laid for sixteen guests.

A number of relatives and friends of Mr. and Mrs. W. D. Whitton surprised them yesterday at their home in south. The occasion being Mr. Whitton's birthday anniversary.

About thirty-five guests participated in the delicious pitch-in dinner served at noon and the social time in the afternoon.

Miss Nellie Drake, daughter of Dan Drake of this city, and William Kiser, son of Mr. and Mrs. Elsworth Kiser of north of the city, were quietly married Saturday afternoon at three o'clock by the Rev. C. S. Black, at the St. Paul's M. E. parsonage. Mr. and Mrs. Kiser will reside on a farm north of this city.

Miss Hazel Adams, daughter of Mr. and Mrs. Harry Adams of West Third street and Lon A. Havens, Jr. who is employed at the City Restaurant, were married yesterday afternoon at three o'clock at the home of the bride's parents, in the presence of the immediate family. The Rev. C. S. Black performed the ceremony the ring service being used.

The Causer Societe were delightfully entertained Friday evening at the home of Mr. and Mrs. William T. Abernathy, near Homer. The evening was spent in a social way and refreshments were served. The members present were Mr. and Mrs. Glen Miller and daughter Catherine, Mr. and Mrs. Frank Fletcher and Mr. and Mrs. Clayton Dellinger. Next Friday evening Mr. and Mrs. Frank Fletcher will be host and hostess for the club.

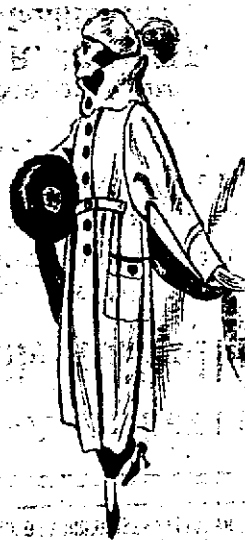

A delightful pitch-in dinner was given at the home of Mr. and Mrs. Bert Wilson north of this city in honor of their 25th wedding anniversary yesterday. The guests were Mr. and Mrs. Lew Hill and daughter Lorene and son Carl and Miss Magdeline Hill, of Falmouth; Mr. and Mrs. Robert Boren and children, Mr. and Mrs. Henry Harpring and family, Miss Bertha Wilson and Ebert Meyers all of this city; Miss Myrtle Wilson of Connersville and Lawrence Brooks and Leslie Link of Glenwood.

The marriage of Miss Hazel Kathleen Thomas and Walter E. Smith of this city occurred at the home of the bride's parents, Mr. and Mrs. O. F. Thomas in Summitville, Saturday evening at nine o'clock, the Rev. L. E. Brown of Rushville officiating. The only attendants were Miss Muriel Thomas, sister of the bride and Frank Inglis. The ring ceremony was used. Preceding the wedding Harry Beardsley sang "Because," and during the ceremony Mrs. Helm Woodward sang "All For You." Miss Helen Sitt played both accompaniments, also the wedding march by Lohengrin.

The house was decorated with white and yellow chrysanthemums, ferns and smilax. The bride wore a gown of white bridal satin with short veil and carried an arm bouquet of white chrysanthemums. The maid of honor wore a gown of yellow crepe de chine and carried an arm bouquet of yellow chrysanthemums. After the ceremony a luncheon was served. The bride's table was decorated with the wedding colors of yellow and white.

The bride is a graduate of Fairmount Academy and later attended the Metropolitan School of Music at Indianapolis. She is prominent in musical circles and is a member of the Crescendo Club at Alexandria. After a short wedding trip Mr. and Mrs. Smith will be at home at 825 North Harrison street in this city. The out-of-town guests were Mr. and Mrs. J. H. Frazee, Mrs. Bertha Waincott of Rushville, Dr. and Mrs. Grishaw of Tipton, Mr. and Mrs. Hal George of Kokomo, Frank Heller, Mrs. Mary J. Thomas, Miss Helen Sitt and Harry Beardsley of Alexandria, Mr. and Mrs. J. E. Fish, the Misses Freida Ruth, Blanch Osborne, Alberta Elwanger and Mrs. Anna Dorbeck of Indianapolis; Mr. and Mrs. Helm Woodward of Cincinnati, Mr. and Mrs. David Puckett of Carmel, Mr. and Mrs. S. A. Hookett of Fairmount and Mr. and Mrs. Otis Cox of Cleveland.

"The entire modern health movement depends upon the adequate development of the visiting nurse," says Dr. Livingston Farrand, chairman of the Central committee of the American Red Cross. The Department of Nursing of the Red Cross is increasing the number of these guardians of health by appointing qualified nurses to many districts in which there are none at the present time.

Inexpensive Coats of Certified Style

Every factor that contributes to smartness in winter coats has been incorporated—in materials, linings, trimmings and workmanship. Yet the prices are unusually low for the times.

There are sizes for everybody; there are colors to suit every taste; with workmanship ensuring long wear and unfailing satisfaction.

Note the two examples of moderately priced garments.

LICENSE BUSINESS IS BIG NEXT NUMBER OF COURSE WEDNESDAY

November Sets Record For Marriages and Hunting Certificates

The month of November surpassed October for marriage licenses, and broke all previous records, averaging one better than one a day, there being issued 31 licenses. Three licenses were issued Saturday; they being to, Frank B. Mazingo and Bessie Boyer; Lou A. Havens, Jr. and Hazel Adams; William Kiser and Nellie Drake.

Hunters also took advantage of good weather during November and made a run on the county clerk's office. At one time in the month the hunting licenses ran out, and a hurry-up call was made for a new supply. During November 168 were issued, which far exceeds any number during November for several years past.

Tschaikowski Quartette Will Appear at St. Paul's Methodist Church at Eight P. M.

LIGHTS WILL BE PROVIDED

The next regular number of the winter lyceum course will be given at St. Paul's M. E. church Wednesday evening at eight o'clock by the Tschaikowski quartette, with Leon Weltman, Russian violinist.

The Rushville Ministerial association, under whose auspices the winter's course is being conducted, made arrangements at the regular monthly meeting, held this morning at St. Paul's M. E. parsonage. There has been some question about whether the concert could be held on account of the restriction on the use of electricity for lighting purposes, but the association decided this morning that lights would be provided in some way so as to comply with the city council's orders.

Other members of the quartet are Frederick Blair, American cellist; Henry Levine, eminent pianist of Boston and Edward Kowinski, Russian violinist.

HUTCHERSON CASE DISMISSED TODAY

Continued from Page One
settled by an agreement for the plaintiff in the sum of \$524.20 and costs.

Sanford Henton, who recently filed charges against Ira Colestock for \$2,000 damages, has filed a petition in the court here asking for a change of venue to some other county. No action has been taken on the petition as yet.

Ethel Harper who filed suit for divorce last week from Nelson Har-

per, was granted four dollars a week support money during the pendency of the action.

ODD FELLOWS NOTICE

Franklin Lodge No. 30, I. O. O. F. will have the initiatory degree with a class of three Wednesday evening. Every member is urged to attend. Reports from the grand lodge representative will be heard.

Potosi, Bolivia, 13,000 feet above sea level, is the most elevated city of the world.

You've heard piano players—good, bad and indifferent, but nothing better than the

Jesse French Player Piano

It is so thoroughly enjoyable to a lover of music as a beautiful composition artistically rendered. Nothing is quite so distressing to the sensibilities as discordant notes and expressionless drumming. Everyone and anyone can faithfully produce the composer's genius and the artist's touch on one of these piano-players. A child or a novice can perform with a master's execution. Then, too, one of these fine instruments is a wonderful decoration to the home—a Christmas gift of enduring pleasure, entertainment and luxury.

YOU CAN ACQUIRE ONE TODAY ON OUR EASY PAYMENT PLAN.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lasy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

TO BE ARRAIGNED TODAY

Delavan Smith Charged With Making a False Statement

(By United Press.) Indianapolis, Ind., Dec. 1.—Delavan Smith, one-fourth owner of the Indianapolis News, was to be arraigned today on a federal grand jury indictment charging him with filing a false statement regarding the ownership of the News. Smith was indicted during the contest over the will of the late Charles Warren Fairbanks, former vice-president, who, it was revealed, owned three-fourths interest in the paper. Smith is charged with filing statements of ownership with the postoffice saying he was sole owner.

PRAIRIE FIRES SET OFF SHELLS

Devastated Fields Underlaid With Unexploded Shells Which Cause Damage

FRENCH WOMAN EVEN GASSED

Prairie Fires Sweep Over Places of Former Battles and Hidden Shells Explode

Laon, France (By Mail).—Though the war is over, residents of the devastated districts of France are daily fleeing from bursts of shell and shrapnel.

The new menace is caused by the small grass and swamp fires which are following an unusually dry period in Northern France, which frequently set off the shells that have been piled up to be hauled away and exploded in some safe place.

Major H. C. Greene, of Boston, Mass., had a thrilling ride and narrowly escaped a hail of shrapnel on his way from St. Quentin to Laon this week as a result of one of these fires. A French woman working in a field near Bouéville was painfully gassed and considerable property damage has been done.

In the vast, desolate fields, thousands of unexploded shells have been picked up by German prisoners and though there are details handling them away and setting them off in remote valleys every day, there are still long ranks of them everywhere. Sparks from locomotives and from small fires where battlefield rubbish is being burned, occasionally set fire to patches of dry weeds and the accidental bursts are numerous. Roads passing places where shells are being set off are guarded but it is from the accidental blasts that the danger comes.

Major Greene, was driving along a road to one of the villages where he has a committee at work, when a small prairie fire reached stray shells just over a hill near the road. A fragment whizzed near his head. He put on full speed but several other explosions followed quickly and one piece shrapnel tore through the top of his automobile. When he reached safety he made a circuit of the district and warned the residents not to enter the road until the grass fire had burned out.

The French woman who was gassed was almost a quarter of a mile away from the bursting shells, but in a valley. She was rushed to one of the Red Cross stations and was found to be painfully burned but not internally injured. Residents of the Aisne district are depending upon the early rival of the Fall rains to end this danger, which has been the most serious faced since the work of reconstruction began.

TO PLAN CHURCH CO-OPERATION

County Church Workers to Hold 3-Day Conference at 2nd Presbyterian Church, Indianapolis

PROMINENT MEN WILL TALK

Surveys of Religious, and Social Conditions of Country Are Being Made

Plans will be made for promoting church co-operation throughout Indiana and for taking part in the nation wide campaign planned by the Inter-Church World Movement of North America, when a three-day conference for county church workers will be held at the Second Presbyterian church, Indianapolis, December 3-4-5 according to an announcement made today by Dr. Don D. Tullis, acting field secretary of the Interchurch Movement in Indiana.

The conference will bring to Indianapolis prominent church leaders and delegates representing practically every Protestant denomination in the state. Leaders of national reputation on various phases of the interchurch program will deliver the addresses.

By December 20, every state in the union will have held a similar training conference and it is estimated that 10,000 religious leaders throughout the country will have become conversant with the aims and plans of this Movement for Protestant co-operation.

The Interchurch Movement plans to provide an organization through which the various Protestant churches of the North American continent—for a similar movement has been started in Canada—can co-operate to their mutual advantage, always looking forward to the ultimate ideal of the Christianization of the world.

Surveys of religious, social and economic conditions in every city and county in the United States and in every country abroad are being made that will reveal the actual religious needs, and their relation to the social and economic situations throughout the world.

The results of the surveys will be collected and budgeted in terms of men and money. The participating denominations will then be asked to determine by mutual agreement their individual share of responsibility for world evangelism and a united appeal will be made by the churches, each to its own constituency for the resources in men and money that are required.

Berlin—(By Mail).—A wolf found a reminder of the dog in Jack London's "Call of the Wild" roams in a forest preserve near the Swiss border. The animal has turned wild since being left behind by returning soldiers.

RED CROSS WILL SELL FUNDS RAISED TO HEALTH BONDS DEC. 1

New Method for Taking Care of Those Who Wish to Contribute Other Than Buy Seals

\$1 TO \$100 DENOMINATIONS.

Indianapolis, Ind., Nov. 28.—E. Q. Landmann, executive secretary of the Indiana Tuberculosis Association, today announced the first sale of a health bond this season to Omar B. Smith, president of the First National Bank, Rochester, Indiana. Mr. Smith's purchase was one one hundred dollar bond.

The health bond is a new departure introduced in the United States for the first time this year. They are in denominations from five to one hundred dollars and are principally for those who do not care to have a great package of seals on hand, yet desire to contribute to the war fund against tuberculosis.

The state tuberculosis association has so far received several orders for seals although the campaign does not open formally until December 1. Mr. Landmann said, however, that the purchase of Mr. Smith is the highest one sale on record so far this season.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Aroclor and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

Bio-feren
THE U. S. PATENT

is the dentrifice that contains the properties recommended as ideal by United States Army dental surgeons

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, senile men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Seven a day for seven days—Wonderful results.

DEFEAT AMERICA

Reports From British Isles Show Team Is Being Trained For Olympic Games

LT. JACKSON PRIME MOVER

France Figuring on Assembling Valuable to Pawn For an Olympic Fund

New York, Nov. 29.—England will spare "not a shilling" to win premier honors in the 1920 Olympic games.

Such are reports that are drifting from the British Isles where steps are already being taken to get a team ready for the Antwerp games.

Li-Col A. N. S. Jackson, former president of the Oxford university athletic club, and who served with distinction as a battalion commander of the Royal Rifles in the war, is the prime mover in the preparations.

He recently recommended the raising of a \$500,000 fund to train the British team. He outlined plans for the erection of a training camp, the employment of competent instructors and trainers, and accommodations that would encourage the best athletic talent of the kingdom to try for places on the team.

France is figuring on assembling valuable to pawn for an Olympic fund. Sweden has already subscribed several thousand dollars for the purpose and in many of the smaller nations organizations have been named to handle the teams. In America, however, nothing has been done to get the team ready that every nation has resolved to beat.

From Germany walls have arisen over the decision to bar the "kultured" athletes from the 1920 games. The Germans have not only been denied admission for the coming games but if France has her way about it, they will never be allowed to enter the international competitions.

County News

Coon's Corner

Mrs. Ed Clark and daughter Bessie spent Thursday afternoon with Mrs. Otis Freeman.

Mr. and Mrs. Robert Phillips motored to Rushville Saturday.

Mrs. Willard Farthing spent Monday afternoon with her parents, Mr. and Mrs. Frank Moore.

Elmer Linville spent Saturday night with Gilbert Emsweller.

Mr. and Mrs. Frank Tarplee visited Mr. and Mrs. Ed Tarplee Sunday afternoon.

Mrs. Raymond Sefton of Rushville is visiting her father, Frank Moore and family.

Mrs. Frank Moore, and daughter, Mrs. Nell Cupp are visiting her son, Will Moore, and family in Oklahoma.

Mrs. Mary Moore and son visited her mother, Mrs. Esther Barber, one day last week.

Mr. and Mrs. Otis Freeman visited relatives at Laurel Thanksgiving.

Mr. and Mrs. George Cox and family and Mr. and Mrs. William Emsweller attended the funeral of Ed Cox Thursday.

A large crowd from this vicinity attended the pie supper at Andersonville Wednesday evening.

Mrs. Doyle Emsweller and son are visiting her parents, Mr. and Mrs. Oliver Lockwood of Laurel.

Mrs. Katie Rosenberry and daughter Ruth are spending a few days with her parents, Mr. and Mrs. John Linville.

Mrs. Charles Kincaid is visiting her son Ralph at LaPorte.

Mr. and Mrs. U. E. Wynn are entertained at Thanksgiving dinner by Mr. and Mrs. Hudson of Connersville and Mr. and Mrs. Brindle of Indianapolis.

Mr. and Mrs. William Morris and

Mr. and Mrs. Thomas Bishop and children were the dinner guests Thanksgiving day of Mr. and Mrs. J. Walker in Glasgow.

A banquet will be held in the Ben Davis Creek church Friday evening and everyone is cordially invited to attend.

The missionary society will meet at the church next Wednesday afternoon.

Mr. and Mrs. Harvey Walls and children are spending the week with Mr. and Mrs. Will Morris.

Mr. and Mrs. Will Brooks and children were the guests of Mr. and Mrs. Paul Harris south of Connersville last Thursday.

Frank Griffin of Ohio is visiting his mother and sister at Maury for a few days.

Mr. and Mrs. Harry Griffin of Connersville spent Thanksgiving with her mother, Mrs. Maeon Wiley.

The Rev. Wrenmore of Indianapolis preached at the Ben Davis Creek church last Sunday, Nov. 30.

The man who looks over his cattle every day to see how they're coming on, but doesn't go to the school once in a while to learn what his children are doing, has a wrong idea of values.

A COATED TONGUE? WHAT IT MEANS

A bad breath, coated tongue, bad taste in the mouth, languor and debility are usually signs that the liver is out of order.

PROF. HEMMETER says: "The liver is an organ secondary in importance only to the heart." We can manufacture poisons within our own bodies which are as deadly as a snake's venom.

The liver acts as a guard over our well-being, sitting out the cinders and ashes from the general circulation.

Dr. Pierce's Pleasant Pellets are made of May-apple, leaves of aloe and jalap, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Pellets.

Kokomo, Ind.—"Dr. Pierce's Pleasant Pellets are a grand medicine for relieving the system of sluggishness and constipation. It is ten years since I first used them and I still find them as mild and effective as ever. Am always glad to recommend these 'Pellets' for sluggish liver."—MRS. ANNA KASH, 412 E. Carter St.

Elgin, Ill.—"As a household remedy for sluggish liver, sick headaches and constipation, I have found Dr. Pierce's Pleasant Pellets to give the utmost satisfaction. I could scarcely 'keep house' without them. I believe they have saved me many a doctor bill and serious illness."—MRS. CORA M. PECK, 705 Ludlow Place.

BEAVER BOARD
FOR BETTER WALLS & CEILINGS

"You Can't Expect Beaver Board Results Unless This Trade-mark is on the Back of the Board You Buy"

Look for it. Be sure this mark is on the back of every panel of wall board you buy.

All wall board is not Beaver Board. Like every other good product it is imitated, and while some of these imitations may look like Beaver Board they can never act like Beaver Board.

To be sure of lasting wall and ceiling satisfaction look for the Beaver Board trade-mark on the back of every panel of wall-board you buy.

Capitol Lumber Co.

75TH BIRTHDAY OF THE QUEEN MOTHER

Alexandra of England Celebrates Anniversary by Entertaining the English People

HEALTH IS VERY GOOD YET

London, Dec. 1.—Queen-Mother Alexandra celebrated her 75th birthday today, and in honor of the event salutes were fired at noon in St. James' Park, London and at Windsor. Flags were flown on all government buildings. At Marlborough House, the queen-mother's London residence, there was a constant stream of distinguished callers desirous of signing the visitor's book and tendering birthday congratulations. King George and Queen Mary and the other members of the royal family were early visitors. There were also many humble callers, whose offerings of flowers and similar small gifts proved passports through the cordon of police and military sentries.

From the day of her arrival here to marry the late King Edward in 1863, the Danish princess of whom Tennyson wrote his "Sea-King's Daughter from over the Sea" established herself in the affections of her adopted country and is probably the most revered woman in England today.

Time seems to have almost passed her by from all outward appearances for even at her present great age, the queen-mother is a strikingly beautiful woman, and still looks years younger than her daughters. Of late, however, she has had to use a stick when walking and can not take much exercise. Otherwise her health continues fairly good.

Special Officer Ends Long Search

Webb Suffered 20 Years—Trouble Overcome After He Takes Tanlac.

"This Tanlac is just the thing I have been looking for for twenty long years," was the statement made to a Tanlac representative recently by John Webb, a special officer on the C. B. & O. Railroad, living at 2115 Cliff St., Kansas City, Mo.

"I had suffered so long," continued Mr. Webb, "and could find nothing at all that would relieve me, that I thought my age had gotten the best of me and I would have to bear my troubles the best I could as long as I lived. My stomach was in such an awful fix that I was in misery all the time. My appetite was poor and I was so nervous that any kind of noise out of the ordinary would make me jump like I was shot at. Nearly all the time I had headaches and dizzy spells, and I became so weak that it was a job for me to get about and all the time I felt stuffy and draggy."

"I had already taken every medicine I had heard of when I started taking Tanlac, and I didn't expect Tanlac to do me any good for none of the other medicine had helped me any, but I went on and took it just to feel satisfied that I had tried everything I had ever heard of. And I want to tell you I have never been so surprised in all my life. Yes, sir, Tanlac went right to my old troubles and has knocked them sky high and put me in the very best of health. I don't believe my stomach was ever in better shape for I can eat anything I want and not have a sign of indigestion or gas afterwards. My nerves are steady and I don't have any more headaches or dizzy spells and I feel built up in every way and have gained ten pounds in weight. When a medicine brings a fellow's health back like Tanlac has done mine, I think he ought to tell everybody about it, and that is just the reason why I am glad to give this statement and recommend Tanlac to suffering people."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis.—(Adv.)

LEARN TO USE SEWING MACHINE

29 Machines are Today the Pathfinder in Industrial Education for Women of Montenegro.

FROM NUCLEUS OF SCHOOL
Never Before in the History of Country Has There Been Industrial Education for Women

Podgoritz, Montenegro (By Mail)—Twenty-nine American sewing machines that have produced hundreds of garments for the poor of Podgoritz are today the pathfinders in industrial education for women in Montenegro.

The sewing machines had been used in the workroom of the American Red Cross here, where native women were taught to sew and to make over American hospital garments for their poor. They will form the nucleus of the first industrial school for girls that Montenegro has ever seen.

After turning out 2112 garments for women and children in two months, the supply of material gave out, because of the difficulties of Montenegro transportation. But the women who had become so expert in sewing with them held a consultation. They wanted the machines to keep on working.

A committee under Mrs. Gorovitch, the forwoman who had cut out everyone of the 2112 garments with the care and thrift of an American chapter worker, presented their plan to the chief nurse. They asked for the loan of the workroom and of the twenty-nine machines to start a sewing school for the girls of Podgoritz.

Never before in the history of Montenegro has there been industrial education for young women. The men, if they have the money, may go to the gymnasium. But education for girls—never! The twenty-three women who had gained American skill in two months had learned something and with the aid of the Americans they planned the first sewing school. The school has just begun, after turning away three times the applicants it could admit.

Automobile Show Display of Closed Cars

WEDNESDAY AND THURSDAY, Dec. 3 and 4, Afternoon & Evening

Franklin - Hupmobile - Dodge Bros.

This will be the most complete line of Closed Cars ever shown in this city.

You are invited to come and look them over, one and all.

Our building will be lighted by the Delco System.

Flowers for the ladies.

JOE CLARK

Phone 2155.

Enid Bennett Here Wednesday

A brilliant cabaret scene is one of the features of "What Every Woman Learns," the Thomas H. Ince production starring Enid Bennett, which is coming to the Princess Theatre on Wednesday night. Several professional dancers were imported for this episode to disport before the camera. The studio was transformed into a fashionable New York restaurant. The reproduction is said to be on a large scale and faithful in every particular. It is all in keeping with the character of the heroine, Amy Fortesque, who is pictured as a woman who lived only to be gay and regarded life as a huge joke. Later the joke was on her, and how she fought her way through fire is the theme of the dramatic story.

8th Episode at The Mystic

The eighth episode of the Jim Corbett serial, "The Midnight Man," will be shown tonight at the Mystic Theatre. Corbett, as Bob Gilmore, continues his activities as "the midnight man," in his effort to discover the secret of the jade ring which, he thinks, will bare also the secret of his parentage. The episode works up to a thrilling punch, one of the best of the many thrilling climaxes of the serial.

In addition, another one of the big Century wild animal comedies, "Howling Lions and Circus Queens," will be on the program, and Universal current events will also be shown.

In 1795 it took 100 days to send mail from London to Bombay.

AMERICANS HELD IN CITY OF RIGA

Red Cross Doctors and Nurses
Nurses Working Day and Night
Caring for Wounded Soldiers

CITY IS BEING SEIGED

Lt. Col. Ed. M. Ryan in Charge of
Dangerous Situation—He Has
Interesting History.

Riga, Latvia (By Mail)—American Red Cross doctors and nurses are working day and night caring for the hundreds of soldiers wounded in recent severe fighting in front of the city.

The only medical and surgical supplies in the city are those brought by the Americans and these have been distributed to local hospitals where the largest number of wounded can be cared for.

Although shells have been dropping within a few blocks of the hospitals for days and the city has been in imminent danger of capture, not a member of the American force has hinted at leaving the city.

Lieutenant-Colonel Edward H. Ryan, of Scranton, Pa., is here from Berlin to take charge of the situation. He entered the city through the German lines under a flag of truce. All firing by both sides stopped as he came across the bridge, the first man to enter the city from the land side since the siege of the city by the enemy.

The last experience of Ryan is only one of many thrilling episodes in which he has participated during the past ten years. Before the war he was physician to the American embassy in Mexico City, and during a trip through that country was captured by bandits. His disappearance precipitated an international crisis. But in two weeks he escaped and turned up safe and sound.

He came to the Balkans early in 1915 and had charge of a unit in Serbia. When the Austro-German forces invaded the Balkans he served as mayor of Belgrade for a short time; then was imprisoned by the Germans for eight weeks. During his stay in German hands he continued his medical work with Serbian wounded and upon his release set out to reorganize the Red Cross Commission in the Balkans.

POULTRY COURSE IS OPEN

Raisers, Fanciers and Dealers at
Purdue For Event

(By United Press.)

Lafayette, Ind., Dec. 1.—Poultry raisers, fanciers and dealers came here today to attend the second poultry course at Purdue university.

Subjects taught include housing and fixtures, incubation and brooding, feeding chicks and laying hens, selecting good layers and culling poor ones, selecting and caring for the breeding stock, poultry management, prevention and treatment of disease.

These subjects are taught in laboratory practice and lectures.

The Best Fed Are Healthies and Happiest

No one lives better for less money than our customers. Come and see why we hold customers and please new ones. It's the high quality and the low prices that does it.

We sold over half of the mammoth cheese last week—the proof of the pudding is in the eating."

Sleep?
Does a dry cough
keep you awake?
KEMP'S BALSAM
will stop the tickle
that makes you cough.
GUARANTEED.

"For the Love of Mike Ware You Get Zat Stuff?"

of feeding seeds of corn to your hogs and cattle? A REASONABLE amount is all right.

If you will feed Fat Back Hog Feed to your gestating brood sows, her pigs will average about two and one-half pounds, with a heavy coat of hair, and they will be strong and healthy. The sow will keep in fine condition with ample flow of milk. Don't feed anything but F. B. to the sows until pigs are weaned. Then start pigs on F. B., keeping them on it until they weigh 120 pounds. Add corn at this period to the amount they clean up.

Fat Back saves in feed; supplies all the feed essentials; shortens feeding period; keeps swine in tip-top shape; makes firm pork; reduces feeding cost; takes hogs to market when receipts are lowest because they are finished before the average run of hogs. Fat Back saves corn.

FAT BACK HOG FEED — \$60.00 THE TON.
GOLDEN GRAIN CATTLE FATTENER — \$53.00 THE TON.

Winkler Grain Co.

CHEST CLOGGED UP WITH HEAVY COLD?

Don't give it a chance to
"set in"—use Dr. King's
New Discovery

THAT dangerous stage where a cold or cough or case of grippe might get the better of you may be nearer than you think. Prompt action with Dr. King's New Life Pills will avert a long siege.

For fifty years it has loosened congested chests, dissipated tight-packed phlegm, broken vicious colds and coughs. Give it to the young—take it yourself. There will be no disagreeable after-effects. 60c. and \$1.20 a bottle. At your druggist's. Give it a trial.

Bowels Become Normal

—liver livens up, bile flows freely—headache, biliousness, tongue-fur, stomach-sourness, disappear when Dr. King's New Life Pills get in their natural, comfortable action.

Purgatives, never pleasantly corrective, sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, eliminating the intestine-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels. 25c. at all druggists.
